

SCHLOSS VOLLRADS

WINE TASTINGS AT SCHLOSS VOLLRADS 2026

“WINE IS
THE POETRY
OF THE EARTH.”

The unique terroir of Schloss Vollrads, combined with our many years of experience in winegrowing, results in the unmistakable taste of our Riesling wines.

All great wines are created in the vineyard.

OUR WINE TASTINGS

Schloss Vollrads is one of the oldest wine estates in the world, perhaps the oldest. Historians assume that the moated tower built about 1330 – the estate's landmark, visible from afar – was constructed on the foundations of a Roman tower fortress from the first or second century.

In various attractive rooms and the new modern cellar of Schloss Vollrads offers you a range of unique and entertaining wine tastings. In at least three wines you will experience the magnificent diversity of our Riesling wines. Dry, semi-sweet and sweet wines – you experience all our different wines.

Please note the minimum number of participants for the wine tastings!

Strolling Wine Tasting

This is a very interactive type of wine tasting—a combination of wine tasting and a guided tour.

You will taste our high-quality Riesling wines at various stations. The stations may vary, and if the weather is nice, it is possible to start outside. You decide how many wines you would like to sample. You will be joined by one of our competent staff members, who will share interesting information and facts about the history and viticulture.
